Event Summary

Annual Summit: This is the third year for this event to exhibit to fisherman hands-on demonstrations on safety, innovative handling and processing equipment, gear and techniques.

The annual summit will:

- Be an opportunity to gather fisherman together along with other businesses in these industries to learn about business opportunities, training, professional development
- Build relationships between service providers leading to coordination and referrals
- Build awareness amongst businesses of service providers, programs, initiatives and resources
- Be a place to build relationships between businesses and encourage collaboration

Agenda: TBA

Audience: The main target audience of the summit is

- Small business owners and/or entrepreneurs located in or doing business in Terrebonne/Houma Parish
- Places that are located in coastal restoration, eco-tourism, disaster response and commercial fishing
- Including fisherman, boat owners, charter operators, tour providers as well as the workforce engaged in these endeavors

Organizers: This event involves the preparation of these organizations:

1. Louisiana Marina & Fisheries
2. Louisiana Sea Grant
3. LSU Ag Center
